2 Updates

After having some donuts and timbits, the following reports were given

2.1 Doris's Report

Doris confirms that White-Spot does not do group rates

2.2 Cole's Report

Cole says that he's waiting on information about the Grant, and seeing how SFSS approves it. He also mentions that because of the proposed transit strike on Wednesday, Thursday and Friday there is a concern about the number of people who will attend. He suggests that we could do a BBQ on the last day of classes (Monday) but is unsure about what paperwork has to be filed and if SFSS wants advanced notice / how many days in advance does the paperwork have to be done by.

2.3 Sarbjot's Report

Room Bookings have been confirmed by Jay. Sarbjot also mentions that he has booked the April 3rd and April 9th which are on a Friday and Thursday respectively as he wasn't sure when we wanted to have End Of Semester Social, so right now it's easier to book both and cancel one later on. April 10th wasn't booked due to it being Good Friday.

2.4 Discussions on Reports

Cole asks Sarbjot what the progress of Secret Santa was, Sarbjot says that VJ told him that he's (VJ) is not planning on doing it because of a short notice and because of the bus strike.

Cole then asks the people in attendance what they think of doing a BBQ on Monday, his opinion is that he prefers Ilia because the grant is set up for Ilia specifically, and since the BBQ will be last minute things won't be as organized as he likes. After some discussion, it is decided that we'll stick with Ilia because we don't know what the schedule for transit is for Monday, as busses seem to be getting cancelled after 16:00, because of this the BBQ will have to be held before then, but there is conflict with classes. Cole will also talk to Ilia about how the expected attendance will decrease.

3 Open Floor

Sarbjot asks if we would like to discuss roles for next semester as talked about at the previous meeting. Cole says that would depend on who joins the event committee next semester as currently the only roles that are needed are someone to take minutes, someone to chair and possibly design posters. There is also mention that Celina or Nikola will most likely chair meetings as Cole will be graduating this term.

Congratulations Cole!

4 Delegation of Future Tasks

The following tasks have been assigned:

- Sarbjot will book TASC 9204 for Monday, December 2nd as a backup plan
- Cole will talk to Ilia and inform them about the possibility that less people may show up
